Sylvie Guieysse is a punker at heart, and her heavenly pillow creations merge the boundaries of luxury and edginess. Exhibit A is her [Aurora-Purple](#) pillow from her Fairy Tale collection (first photo below); note the rich patterning in her Japanese cotton creation as well as the fairy tale animals and lovely decoration – but look closer and you'll see the **skulls!** Exhibit B is her [Pink & White](#) pillow from the Couture collection, a mash-up of felted wool masses over luxurious cotton velvet. So chic.
